Entered according to Act of Congress in the year 1886, by W. A. GREENOUGH & Co., in the Office of the Librarian of Congress at Washington.

PREFACE.

The BIDDEFORD AND SACO DIRECTORY is again presented to the public with the hope that it will meet their wants as a book of reference. As usual we have spared no trouble or expense in the canvass and compilation of the work to make it in all respects as correct and reliable as is possible for a book of this kind.

We would respectfully call attention to our advertising department, where are represented some of the most reliable business houses in this community, and citizens would do well to patronize.

Every person should have at their business place or residence a directory of the city from time to time as published, not only as a daily convenience, but as a valuable record of local history.

Orders for our Directories come to us from distant parts of the country, showing that our circulation is not limited to the cities they represent.

Americans visiting Europe will find our Directories on file at Messrs. Henry F. Gillig & Co.'s American Exchange and Reading Room, 449 Strand, Charing Cross, London, W. C., and 35 Boulevard des Capucines, Paris.

Persons consulting the Directory are reminded of the importance of knowing the precise spelling of a name before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages.

Pepperell Park is a tract of land of a number of acres, situated on the easterly side of the village, and was granted to the town, in 1752, by Sir William Pepperell. The donation of a part consisted of four acres "for building a meeting house, for a burying place, and for setting up a school house, and for no other use or end whatever." A still larger grant was made of land adjoining, by the same granter, "for a training field," etc. The Unitarian church, now occupied by Rev. J. T. G. Nichols' society, is situated on this grant.

HOMES AND INVESTMENTS

— IN THE —

Highlands of Florida.

The western part of Orange County, on the backbone of the State, known as the beautiful "LAKE REGION," is very high and rolling, and is filling up with unexampled rapidity. Where three years ago were unbroken pine woods are now thriving villages and flourishing *Orange Groves*. The climate is very salubrious, being tempered by continual breezes from the Atlantic and the Gulf.

Any who desire to select a home or start a grove can secure the services of the subscriber, who, after patient investigation of different localities, has recently moved there from Massachusetts. He will give his careful attention to any business entrusted to him.

LAND SELECTED AND TREES PLANTED AND CARED FOR.

Address,

Rev. E. S. HUNTRESS,
Mount Dora,
Orange County, Florida.

IMPROVED CIRCUMSHOT WATER WHEEL,

ON HORIZONTAL SHAFT.

Saves cost, annoyance and loss of power incident to use of gears; and having the same superior qualities of the I-X-L, it makes an efficient and desirable motor, invariably proving satisfactory and popular.

SPECIAL X-S TURBINES, SMALL GREAT NOT ABLE IN DIAMETER CAPACITY EFFICIENCY

For situations where the limitation of space or cost is more important than the best results from the water. NOT RECOMMENDED FOR ECONOMY, as the excessive application of water to small wheels always involves loss of efficiency and is often very wasteful, particularly with low heads.

HUMPHREY'S IMPROVED ROTARY FORCE PUMP. The simplest and best Fire Pump made. No frail or trashy parts to wear rapidly and require special adjustment or fail in time of needed service. Throws nearly twice the quantity of water with same power of other standard pumps now in general use. THE BEST APPLIANCE FOR MOTIVE POWER AND FIRE PROTECTION. EVERY FIRST CLASS MILL SHOULD HAVE THEM.

THE I-X-L IS X-L-NT AND UN-X-LD.

MANUFACTURERS AND IMPORTERS OF

SURGICAL & DENTAL

INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:

INVALIDS' ROLLING

—AND—

BATH CHAIRS.

TRUSSES,

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel. N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc. Also, Crutches of various and most improved kinds; Syringes' Rubber Urinals to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf.

Together with many other articles for the use of the SICK and INVALIDS. Also the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers

"The Committee have no hesitation in awarding for this superb exhibition the highest premium * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL. (Signed). GILMAN KIMBALL, M. D. Chairman."
